# Check Listing Status

Learn how to check your app registration status.

The app publishing process includes review and translation. You can track the status of your app listing by viewing the status of your application on the [Solution Provider Portal](#) or checking the case log that was automatically created when you submitted your app.

## View your app status

1. Sign in to the [Solution Provider Portal](#) using your developer credentials.
2. On the top navigation, select **Develop Apps**.

### Note

For **Seller Central** users, sign in to [Seller Central](#) for your marketplace and navigate to **Apps and Services**, then [Develop Apps](#).

Check Listing Status

For **Vendor Central** users, sign in to [Vendor Central](#) for your marketplace and navigate to **Integration**, then [API Integration](#).

3. View your app status on the [Solution Provider Portal](#) homepage.

If you have recently published a new application, here are the possible statuses and their descriptions.

| App status                      | Description                                                 |
|---------------------------------|-------------------------------------------------------------|
| Draft                           | Your listing is saved or rejected.                          |
| Submitted (Edit pending review) | Your listing is in review.                                  |
| Ready for Publishing            | Your listing is approved and being prepared for publishing. |
| Published                       | Your listing is approved and published on the Appstore.     |

If you have recently made updates to an application that has already been published, here are the possible statuses and their descriptions.

| Authorize Applications                                                                                                                                                                                                                                            | >                                                                                                       | <table><tr><th>App status</th><th>Description</th></tr><tr><td>Published (Current edit is in draft)</td><td>Your approved listing is published. | Amazon conducts periodic Data Security Assessments to ensure that each application adheres to Amazon's policies. Applications that are found to be non-compliant will be suppressed. If your application is suppressed, refer to the following possible statuses: |                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |            |             |                                      |                                                                                                         |                                         |                                                                                     |                                                             |                                                                                        |           |                                                         |
| Delete an Application From Your Developer Account                                                                                                                                                                                                                 |                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |            |             |                                      |                                                                                                         |                                         |                                                                                     |                                                             |                                                                                        |           |                                                         |
