Configure a new supply source

Learn how to use the Supply Sources API or Seller Central to add a new supply source.

Learn how to use the Supply Sources API or Seller Central to add a new supply source.

Prerequisites

To complete this tutorial, you need:

- Authorization from the selling partner for whom you are making calls. For more information, refer to [Authorizing Selling Partner API applications](#).
- The [Selling Partner Insights](#) role assigned to your developer profile.
- The [Selling Partner Insights](#) role selected in the app registration page

Configure a new supply source
for your
application.

Learn How Sellers Authorize Service Providers

Selling Partner API Roles >

Step 1. Configure a new supply source using the Supply Sources API

Call the
`createSupplySource`
operation.

Step 2. Configure a new supply source through Selling Central Shipping Settings

Alternatively, you can
add a new supply
source through Seller
Central:

1. Log in to your [Seller Central account](#).
2. Navigate to the settings icon in the top-right corner, then select **Shipping Settings**.
3. Select the **Locations** tab.
4. Choose **Add Location** to create a new supply source.
