What is the Selling Partner API?

Selling Partner API Onboarding Overview >

Create or fully update a listing

Learn how to create or fully update an Amazon listing for a given selling partner and Amazon marketplace.

Learn how to create or fully update an Amazon listing for a given selling partner and Amazon marketplace.

Prerequisites

To complete this tutorial, you need:

- Authorization from the selling partner for whom you are making calls. Refer to [Authorizing Selling Partner API Applications](#) for more information.
- Approval for the Product Listing role in your developer profile.
- The Product Listing role selected in the App registration

Terminology

Frequently Asked Questions >

page for your application.

- A JSON-based listing payload adhering to the JSON Schema provided by the [Selling Partner API for Product Type Definitions](#) for the given selling partner, Amazon marketplace, and Amazon product type.
