What is the Selling Partner API?

Selling Partner API Onboarding Overview >

Terminology

Frequently Asked Questions >

Register your Application

Learn how to register your application for use.

You register your application in the [Solution Provider Portal](#), which is the central hub that you use to manage your Selling Partner API (SP-API) applications. You must be a [primary account user](#) to complete registration.

Warning

As of April 2022, public and private applications are subject to authorization limits and restrictions. For more information, refer to [Authorization Limits](#).

To register your application:

1. Sign in to the [Solution Provider Portal](#) using your developer credentials.
2. On the top navigation, select **Develop Apps**.
3. On the Developer Central page, select **Add new app client**.

Note

To locate **Add new app client** in Seller Central or Vendor Central, use these steps:

1. **Seller Central:** Sign in to [Seller Central](#) for your marketplace and navigate to **Apps**

4. Complete the form.

If a **Sellers** check box and a **Vendors** check box appear after you choose the API type, select **Sellers, Vendors,** or both, depending on the type of selling partner your application is for. The roles you

Delete an Application From Your Developer Account

can apply for
depend on your
selection.
