Frequently Asked Questions >

Retrieve your current balance

Learn how to determine your current balance.

Learn how to retrieve your current balance.

Prerequisites

To successfully complete these tutorials, you must have:

- Authorization from the selling partner for whom you are making calls. For more information, refer to [Authorizing Selling Partner API applications](#).
- Approval for the [Finance and Accounting role](#) in your developer profile.
- The [Finance and Accounting role](#) selected in the app registration page

for your
application.

Learn How Sellers Authorize Service Providers

Selling Partner API Roles >

Step 1. Retrieve the current open balance

Call the `listFinancialEventGroups` operation to retrieve the latest 100 financial event groups and a page token that can be used to get the next set of financial event groups available.

Step 2. Filter for open financial event groups

Select the financial event groups where `ProcessingStatus` is equal to `Open`.

Step 3. Find the current balance

The `OriginalTotal` property provides the total amount of disbursement or charge in the currency of the marketplace in which the transactions occurred.

`CurrencyAmount` provides the monetary value, while `CurrencyCode` provides the three-digit
