Step 7: Connect With Sellers

Guide sellers through the process to authorize your company to access the seller's Seller Central account.

This step covers the collaborative process between you and the seller to grant you access to the seller's Seller Central account. You might need to guide a seller through this process, which includes the following actions:

1. The seller sends you an invitation link.
2. You accept the invitation and send a confirmation request.
3. The seller accepts the confirmation and grants you specific permissions.

Learn How Sellers Authorize Service Providers

Selling Partner API Roles >

Before you begin this process with the seller, you must have applied and been approved for Seller Central roles in [Step 5: Apply for Seller Central Roles](#). If you don't complete the Seller Central role approval process, sellers can't grant you permissions in Seller Central (the permissions appear greyed out).

Phase 1: Seller initiates the invitation

To authorize you to access the seller's Seller Central account, the seller must:

1. Sign in to Seller Central.
2. Choose **Settings**, and then choose **User Permissions**.
3. Under **User Management**, choose the

SP-API SDKs >

Authorized Partners tab.

4. Choose **Add Authorized Partner**.

5. In the pop-up window, choose **Copy link** to copy the one-time invitation link.

6. Send the copied link to you through email or through another messaging platform.

★ Tip

The invitation link works regardless of your marketplace location and expires after seven days.

Phase 2: Service provider responds

As the service provider administrator, you must complete the access request using the seller's invitation link:

1. Receive the invitation link from the seller.

Tutorial: Automate your SP-API Calls Using a JavaScript SDK for Node.js

Tutorial: Automate your SP-API Calls Using a Python SDK

Step 7: Connect With Sellers

2. As the service provider administrator, sign in to your Solution Provider Portal account. You must sign in as the administrator (primary contact for the account).

3. Open the invitation link that the seller provided.

4. Review the details in the invitation.

5. Choose **Send Invitation** to confirm all details and send your access request.

When you accept the invitation, the seller receives an email confirmation and must log in to Seller Central to complete the next steps.

Phase 3: Seller completes authorization

After the seller receives confirmation that you accepted the invitation, the seller must:

1. Sign in to Seller Central.
2. Choose **Settings**, and then choose **User Permissions**.

Step 7: Connect With Sellers

- 3. Choose **Open Invitations**.
- 4. Next to your name, choose **Accept Invitation**.
- 5. Select the Seller Central role permissions to grant to the service provider.
- 6. Choose **Save Changes**.

The seller can change your access at any time by returning to the **Authorized Partners** tab.

Next step

Proceed to [Step 8: List Your Service in the Service Provider Network](#) to create your listing in the Service Provider Network where additional sellers can discover and hire your services.
